

HI 4000

Electronic Health Records and Reimbursement Specialist

19 weeks
DURATION

High School Diploma or GED
REQUIREMENTS

PROGRAM DETAILS

This program is designed to equip you with the skills necessary to provide excellent support in a Medical Back Office environment and the knowledge to achieve the Certified Electronic Health Records Specialist (CEHRS), Medical Coder & Biller Certification (MCBC). This comprehensive online program prepares you for proper handling of patient data, fundamental records and document management, medical insurance reimbursement, and more. Upon completion of the program and achieving certification, students may find work in physician offices, insurance billing offices, reference laboratories, urgent care centers, nursing home facilities, wellness clinics, and hospitals.

This 17-week online certification program provides comprehensive training in the areas of Microsoft Office, Human Anatomy and Physiology, Medical Terminology, Insurance Billing and Coding and Electronic Health Records. Upon completion of the program, you will have become skilled in areas of Electronic Health Records and Reimbursements, be prepared for dual healthcare certifications (CEHRS and MCBC), increasing your marketability in the field and allowing for greater flexibility in your career path.

Students receive ongoing mentoring support from a Subject Matter Expert throughout their enrollment.

-  Understand basic human anatomy and the terminology utilized in medical billing
-  Identify and comply with HIPAA/HITECH, CMS and other healthcare regulations and laws
-  Employ Electronic Health Record and related Practice Management applications
-  Differentiate between CPT, ICD-9, ICD-10-CM, HCPCS codes and know how to file a claim
-  Comprehend payment adjudication, various claim statuses, and the resubmission process
