Purpose

The Going PRO Talent Fund (Talent Fund) provides competitive awards to employers to assist in training, developing, and retaining current and new employees. It helps to ensure Michigan's employers have the talent they need to compete and grow, and individuals have the skills they need for in-demand jobs. Going PRO Talent Fund-supported training expands and improves employees' skills and develops their opportunities for growth or promotion within the company and for economic advancement.

The Going PRO Talent Fund is designed to create public-private partnerships with employers to develop training models that adapt with changing employer demand. Training must be completed within one year from the date of the award and lead to a credential for a skill that is transferable and recognized by industry. Employers who request funding must actively participate in the development of the training and must commit to retaining individuals at the completion of training.

As a result of individuals being trained and promoted, vacancies should be filled by individuals recruited with the assistance of the local Michigan Works! Agency (MWA). Additionally, due to the challenges of finding the skilled talent to fill jobs, companies are encouraged to expand their recruitment to include individuals within [Targeted Populations](#).

The Talent Fund will not reimburse for training that has occurred prior to the effective award date.

Key Partners

The Michigan Department of Labor and Economic Opportunity, Workforce Development (LEO-WD) awards the funds to employers through Michigan's workforce system, commonly known as the [Michigan Works! Agencies](#) (MWA). The local MWA is responsible for submitting applications to LEO-WD on behalf of the employers to ensure all available funding (federal, state, local, private) is identified and utilized in a strategic, braided manner. If an application is approved, the MWA is then responsible for management and oversight of the award. Payments are made on a reimbursement basis after all required documentation is submitted to the MWA.

Any of the following partners can identify eligible employers that have a documented need for recruitment and/or development of talent; however, final project approval lies with LEO-WD.

- MWAs as the lead partner
- Michigan Economic Development Corporation (MEDC)
- Local economic development organizations
- Michigan community colleges and other eligible training providers
- Labor Unions
- Industry collaboratives
- Chambers of commerce

Eligible Employers

To be eligible for a Talent Fund award, an employer must:

- Have a need for skill enhancement, including USDOL Registered Apprenticeship programs and advance-tech training programs for [current employee\(s\)](#) or [new employee\(s\)](#).
- Have a physical presence in Michigan.
- Be a non-government private entity; for profit and non-profit.
- Be compliant with all state tax obligations including, but not limited to, corporate, sales, use, withholding, personal income and unemployment insurance taxes.
- Be willing to participate under the program's eligibility parameters and guidelines.

Not eligible to apply:

- Federally Recognized Governments (e.g., Native American Tribes), including tribal casinos
- Federal, State, and Local Governments

- Public Institutions and Entities
- Local School Districts and Intermediate School Districts
- Municipally Owned Utilities
- County Road Commissions
- Community Mental Health Authorities
- Other entities as determined by LEO-WD

Note:

- Unions are not eligible to apply as employers, however, they may be [eligible training providers](#).
- The majority of Federally Qualified Health Centers (FQHCs) are not governmental entities and are eligible for Talent Fund awards. Information on FQHCs may be found on the [Michigan Primary Care Association](#) website.
- The marijuana industry is not excluded from receiving an award.
 - Per PI 20-22, federal funds may not be used to work with companies in the marijuana industry. Talent Fund awards are made with state funds that are not subject to federal prohibitions on marijuana. Proper safeguards must be in place when MWAs or employers are braiding federal funds with the Talent Fund to support the overall operation of the Talent Fund program or marijuana related activities. MWAs and employers need to ensure there are appropriate firewalls in place to prevent federal funds from being charged for the relative benefit of any effort, such as staff time for the submission and management of awards, training, and supportive services associated with marijuana related activities.
- MWAs may not apply.
- Staffing/temporary/leasing agencies' applications will be reviewed on a case-by-case basis.

Eligible Trainees

Two types of employees may receive Going PRO Talent Fund training:

1. **Current employees**
 - a. Defined as individuals on the employer's payroll at time of application hired at least 31 days prior to the award date.
2. **New employees**
 - a. Defined as individuals hired 30 days prior to, on, or after the effective award date. Pure Michigan Talent Connect (mitalent.org) should be used as a resource to obtain potential candidates for the interview and selection process.
 - b. Should be assessed to determine if they are suitable for the proposed training.
 - c. Current employee promoted or moved into a new position, or moved from part-time to full-time, is NOT considered a new employee/new hire.
 - d. Individuals not employed at the time of the application and re-hired into a new position 30 days prior to, on, or after the effective award date qualify.

Every eligible employee, current or new, must meet all of the following criteria:

1. Permanent, full-time employee of the employer when the approved training begins.
 - a. Full-time employment is defined as 32 hours per week or more.
 - b. Seasonal and/or part-time employees, current or new, are not eligible
 - c. If individuals have worked for the employer through a temporary staffing agency, leasing agency or on contract with a Form 1099, the individuals must be increasing their job responsibilities or learning a new job.
2. Works primarily in Michigan, and for whom the employer pays all applicable taxes to the State of Michigan, regardless of where the employee lives.
 - a. Example: Employee lives in Wisconsin, works for employer in Escanaba (or remotely for employer in Southfield) and taxes are paid to the State of Michigan. The employee is eligible.
3. 18 years of age or older.

4. U.S. citizen or legally authorized to work in the U.S.

Eligible Training Providers

- Michigan community colleges
- Private and public college and universities
- Private training providers
- Training provider identified by and agreed upon by all partners, who can do accelerated “just-in-time” training
- Labor unions
- Vendors providing training in operation of equipment or systems for which they were the provider
- Employers, only if their resources or equipment are exclusive and training is not available elsewhere. The documented need and rationale must be submitted to and retained by the MWA.
- Proprietary schools as licensed in the state of Michigan
- Registered United States Department of Labor (USDOL) joint apprenticeship training centers (JATC)

The preference is for all training to occur in Michigan. However, if training must occur out-of-state, the documented need and rationale must be submitted in writing to the MWA.

Eligible Training - Overview

All training must expand and improve an employee’s skills and develop their opportunities for growth or promotion within the company. Training must lead to a credential for a skill that is transferable and recognized by industry. Additionally, the training must fill a demonstrated talent need experienced by an eligible participating employer.

The following are types of training that may be funded under the Talent Fund:

Type of Training	Current Employee	New Employee
1. Classroom/Customized Training (CRT)	Eligible	Eligible
2. New Employee On-the-Job Training (OJT)	Not Eligible	Eligible
3. USDOL Registered Apprenticeship Classroom/Customized Training (first year through completion)	Eligible	Eligible
4. USDOL Registered Apprenticeship OJT Training (first year through completion)	Eligible	Eligible

- A new employee who is not a USDOL Registered Apprentice may participate in OJT, or a combination of classroom and OJT.
- USDOL Registered Apprenticeship training includes both RTI and OJT, however 100% OJT is allowable. For Example: RTI has been paid by another source; RTI occurred prior to the effective award date; the classroom training component has already been completed (front loaded).
- The 90-day post-training retention period applies only to the OJT portion of training for new employees (non-apprentice or USDOL Registered Apprentice). All training, including the 90-day retention period, should conclude within one year from the date of the award in order to receive full reimbursement.
- The Talent Fund may not be used to offset current tuition reimbursement programs.
- Funding must be utilized to provide short-term training to meet current, documented needs of employers; not more than 6 months in duration, unless approved by LEO-WD.
- The Talent Fund will not reimburse for training that has occurred prior to the effective award date.

Classroom or Customized Training – Details

Each year the list of eligible and ineligible training is reviewed and amended, based on demand and available resources. Training that does not meet the intent of the program (i.e., introductory, or general overview) is subject to denial or non-reimbursement. New Employee On-the-Job Training (OJT) – Details

New employee OJT allows the new employee to become proficient in the permanent full-time job for which they were hired. The following rules apply:

- Training is conducted at the worksite.
- Reimbursable training begins on or after the effective award date.
- New employees must have been hired 30 days prior to, on, or after the effective award date.
- The USDOL Registered Apprentice retention period may start at the beginning of OJT or RTI, whichever comes first.

- 90-day retention begins upon completion of training and must be completed within one year of the date of the award (i.e., January 31, 2024) in order to receive full reimbursement.

USDOL Registered Apprenticeship Training – Details

Support for USDOL Registered Apprentices through completion is a priority of the Talent Fund. An employer may apply the [\\$3,500 reimbursement](#) for each year the USDOL Registered Apprentice is on the Training Plan, regardless of what year they are in the apprenticeship. Note: If the employer receives an award in two consecutive fiscal years and the apprentice training spans both award periods, the employer may be reimbursed at the \$3,500 level in each of the award periods.

Properly licensed apprentices are not the same as USDOL Registered Apprentices – these are different programs. To verify that the applicant’s apprenticeship is USDOL Registered, please take one of the following steps:

1. Inquire on USDOL’s website by visiting <https://oa.doleta.gov/bat.cfm>
2. Call Michigan’s USDOL Office of Apprenticeship at 517-377-1747
3. Contact the State Apprenticeship Expansion Team, LEO-WD, at 517-335-5858 or apprenticeship@michigan.gov

Cost of Training

- Classroom training cannot exceed \$2,000 per person*
- New employee OJT training cannot exceed \$2,000 per person*
- New employee training that includes a combination of classroom training and OJT cannot exceed \$2,000 per person
- USDOL Registered Apprenticeship training (first year through program completion) cannot exceed \$3,500 per person
- No more than \$500,000 may be awarded to any individual employer site (for an independent and ILC combined)

*The amount requested on the original Training Plan cannot exceed the \$2,000 or \$3,500 per person cap.

Targeted Population Incentives

As it is becoming harder to find the skilled talent to fill jobs, employers are encouraged to expand their recruitment to include individuals within [Targeted Populations](#), including:

1. [Veteran \(U.S. Armed Forces\)](#)
2. [Active Military Reservist \(U.S. Armed Forces\)](#)
3. [Older Worker](#)
4. [Returning Citizen](#)
5. [Individual With Disability \(IWD\)](#)
6. [Public Assistance Recipient](#)
7. [High School Diploma/Equivalency \(HSE\) Trainee](#)

An extra incentive may be reimbursed to an employer including: \$500 for each Veteran, Active Military Reservist, Older Worker, Returning Citizen, Individual with Disability, or Public Assistance Recipient new trainee; and \$1,000 for each High School Diploma/Equivalency new and incumbent trainee.

The additional incentive must be used to offset additional training costs. The maximum amount per new trainee that an employer may receive as incentive funding is \$500 for Veterans, Active Military Reservists, Older Workers, Returning Citizens, IWD, Public Assistance Recipient, and \$1,000 for HSE new and incumbent trainees, even if the employee meets the criteria in more than one category. Other

criteria must also be met, and verification documentation must be submitted to the MWA prior to payment. For specific information regarding required documentation and criteria to qualify for the incentives, see [Required Documentation for Reimbursement](#) section.

Expectations of Employers

Employers play an integral role in defining specific job skill sets and identifying the appropriate training. [Partners](#) and employers will work together to develop a training plan, including the number of individuals to be trained and all available funding and resources.

Going PRO Talent Fund applicants (and/or awardees as applicable), are expected to:

1. Be actively involved in the planning and design of the training project.
2. Include realistic goals and expectations; drilling down to the real training need, i.e., what can be accomplished and still meet production and/or other business needs. Awardees are accountable to implement the approved plan.
3. Pay wages to employees that are equal to or greater than the prevailing wage for the local labor market for the applicable job title. To earn points, average hourly wage of trainees must be equal to or above Bureau of LMISI Regional Median Wage.
 - a. Must be calculated by dividing the sum of all (new hire and current employee) trainees' hourly wages by the total number of trainees. For example: \$23.34 hourly wage for 2 current employee trainees plus \$19.46 hourly wage for 2 new hire trainees equals an average hourly wage of \$21.40.
 - b. The Talent Fund should not be utilized for low-wage, high turnover occupations; nor should it be used for high-wage, executive level positions.
 - c. It is the expectation that training lead to higher skills, and result in higher wages.
 - d. Average wages will be verified according to Bureau of Labor Market Information and Strategic Initiatives (LMISI) Regional Median Wages.
4. Sign a contract/training agreement with the MWA outlining the employer's role and responsibilities in the training project.
5. Provide at least one impact story upon completion of training.
6. Commit to retain employees at the completion of training.
7. Provide wage information prior to training, post-training, and six months post-training.
8. Provide required documentation for reimbursement.
9. Provide projected employer contribution on the application and confirm post-training.
10. Utilize [Pure Michigan Talent Connect](#) (mitalent.org) and Michigan Works! as a resource to recruit for job openings.
 - a. Companies in the marijuana industry are excluded from utilizing PMTC due to federal prohibitions.

If a Going PRO Talent Fund awardee anticipates, or is actively laying off employees, the awardee should promptly notify the MWA and provide details of the layoff and how it will impact the approved Going PRO Talent Fund training plan. LEO-WD will review each situation on a case-by-case basis and reserves the right to rescind funds.

Application - Independent/General

Applying for a Talent Fund award is done exclusively online through the Work-Based Learning Online Management System (WBLOMS).

To find the local MWA contacts, visit the [Going PRO Talent Fund Website](#) or click [here](#).

- The MWA will conduct a fact-finding evaluation session with the employer and other partners to document the talent and requisite fiscal need.
- The MWA is the lead in the meeting as they will ultimately be submitting the application.

- Employers who have multiple plants/sites/facilities/locations, and desire training at each site, may elect to work with one MWA or multiple MWAs.

FY23 Independent Application Cycles:

Independent Application	Cycle 1 (Feb-Jan)	Cycle 2 (July-June)
Application Period	November 21, 2022 – December 12, 2022 (12:00 PM ET - Noon)	Late Spring 2023
Training period	February 1, 2023 – January 31, 2024	July 1, 2023 - June 30, 2024

- Employers may have no more than one (1) independent award and one (1) ILC award, based on employer location. Employers may apply in cycle 2 if not awarded a cycle 1 independent application.
- All applications will be reviewed and competitively scored according to budget and demand.
 - It is anticipated that applications will be highly competitive, and requests will exceed available funding.
- Completion of an application does not guarantee funding.
 - All employers may not receive funding.
- Employers need to determine the short-term training requirement while continuing to meet their customer demand.
 - As a reference, the average award amount for Fiscal Years 2014-2022 was approximately \$32,500.
 - Employers may complete one application that includes multiple plants/sites/facilities/locations, however LEO-WD reserves the right to limit an employer to a maximum award amount for all locations combined.

Training Duration

Funding will be utilized to provide short-term training to meet current, documented needs of employers.

1. No single training should exceed six months.
2. All training, including new employee on-the-job training (OJT), as well as the 90-day post-training retention period, should conclude within one year from the date of the award (i.e., by January 31, 2024, for cycle 1 and June 30, 2024, for cycle 2).

Application - Industry-led Collaborative (ILC)

An ILC brings together multiple employers (a minimum of two), education and training institutions, workforce development organizations, and other applicable partners such as economic development organizations to formulate training and education solutions to fill identified talent gaps. Successful ILCs solve a common or shared workforce problem with supported training that leverages the power of collaboration; also increasing the competitiveness of employer partners, while creating, training, and filling “in-demand jobs.”

1. ILCs have a separate application and scoring criteria than the independent application.
2. Training may be for current and new employees, including USDOL Registered Apprentices.
3. Employer partners can be from across the state.
4. Employers may have no more than one (1) independent award and one (1) ILC award per fiscal year, based on employer location, and may reapply if previous application was not successful. No more than \$500,000 may be awarded to any individual employer site (for an independent and ILC combined).

5. The intent of an ILC is for multiple, separate employers to apply. A company with more than one site location may apply but must collaborate with additional outside employer partners.
6. ILC applications are for classroom or customized training only, not wage reimbursement, with an exception for employers holding shared OJT USDOL Registered Apprenticeship training standards.
7. ILC training must be shared by a minimum of two employers. In the case where shared training has different providers; strong rationale on the common training need, proposed training, training standards, common curriculum, and shared objectives and competencies must be explained. In addition, compelling evidence of collaborative intent must be explained in the “Statement of Collaboration” section of the application.

The ILC application period opens **March 2023**.

1. The deadline for employers to submit an ILC application is to be announced.
2. ILC applications may also be submitted throughout the year. LEO-WD will provide notice when ILC applications will no longer be accepted.
3. Applications will be reviewed upon receipt.
 - a. If approved and funds are available, they will be funded.
 - b. If approved and no funds are available, they will be held until funds become available. Should funds become available, additional ILC awards may be made.
 - c. If not approved, a brief explanation will be provided.

Scoring Applications

LEO-WD approval of awards will be determined by factoring the weighted criteria in the table below. Scoring criteria applies for cycle 1 and cycle 2 independent application/award cycles. Additionally, LEO-WD reserves the right to deny an application based on past experiences including, but not limited to poor demonstration on previous awards, past non-performance, and past non-compliance to requests from Michigan Works! and/or LEO-WD staff.

LEO-WD will award funding to the MWA. The MWA will administer project funding to the employer and/or the training institution once the project outcomes have been met and documented.
